Project Description

- The existing 4-lane US Highway 90 is planned to be widened to 6 lanes as part of an MDOT roadway project. The proposed widening will primarily be done within the existing right-of-way.
- Jackson County has conducted a study with Neel-Schaffer to evaluate including a 10 ft. multi-use path within the existing right-of-way.
- The multi-use path would connect to the existing path in Gautier at City Hall and is proposed to extend 8.5 miles west to Bechtel Boulevard in Ocean Springs. The path is proposed on both sides of US Highway 90 between Hanshaw Road and Bechtel Boulevard (approximately 3 miles) using a combination of existing frontage roads and new multi-use path. The path would primarily be asphalt.
- Potential connections to the path are proposed at: State Trust Land near Bechtel Boulevard and Halstead Road, Twelve Oaks at Hanley Road, Greyhound Stadium, Gulf Islands National Seashore Parkway, Vietnam Veterans Memorial pathway, Ocean Springs Middle School along Hanshaw Road, Ocean Springs Sports Complex, Ocean Springs High School along Hwy 57, Jackson County Soccer Complex, and the existing Gautier multi-use path in front of City Hall.
- Jackson County is coordinating their efforts with Gulf Regional Planning Commission, MDOT, Gautier and Ocean Springs.
