

# MISSISSIPPI GULF COAST FY 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

---

---

Projects and programs that contribute toward a safe, efficient, and resilient Gulf Coast transportation system

March 2025

# Mississippi Gulf Coast Metropolitan Planning Organization Transportation Improvement Program

**FY 2025- 2028**

## **NON-DISCRIMINATION ASSURANCE**

As provided by Title VI of the Civil Rights Act of 1964 as amended, the Civil Rights Restoration Act of 1987 (P.L. 100.259) and related statutes, executive orders and regulations, the Gulf Regional Planning Commission (GRPC) assures that no person shall on the grounds of race, color, national origin, sex, sexual orientation, religion, age, or disability be excluded from participating in, be denied the benefits of, or otherwise subjected to discrimination under any program or activity from GRPC.

## **NOTATION OF FINANCIAL ASSISTANCE:**

The preparation of this document has been financed in part through grants from the United States Department of Transportation, Federal Highway Administration, the Federal Transit Administration, and the Mississippi Department of Transportation. It was prepared as tasked in the Mississippi Gulf Coast MPO's FY 23-24 Unified Planning Work Program Task A-2.

## **TRANSIT PROGRAM OF PROJECTS:**

Also listed in this document is Coast Transit Authority's Program of Projects that are funded by the Federal Transit Administration. The public meetings/comment period will satisfy the public participation requirements for the FTA Section 5307 and 5309 POP notice.

## THE GULF COAST MPO

The Metropolitan Planning Organization (MPO) is a federally mandated planning body responsible for coordinating transportation programs in US Census designated urbanized areas. The Gulf Regional Planning Commission (GRPC) serves as the MPO for the Mississippi Gulf Coast and is the lead agency responsible for developing and administering plans and activities required to maintain eligibility and receive federal funds for the transportation systems in Hancock, Harrison, and Jackson counties. The primary mission of the MPO is to develop and maintain a transportation planning process compliant with federal and state requirements and supports the development and enhancement of sustainable multimodal facilities, programs and systems in the Mississippi Gulf Coast area. The Transportation Improvement Program (TIP) is one of the most important products of the MPO's planning process.

## THE TIP

The Transportation Improvement Program (TIP) is a financially constrained program developed through an on-going planning process for addressing short-term transportation priorities that are consistent with the MS Gulf Coast's Metropolitan Transportation Plan (MTP), the long-range transportation plan for our region. The TIP is developed and approved by the MPO and is included, without modification, in the Statewide Transportation Improvement Program (STIP) following approval by the Governor. The TIP can be amended by approval of the MPO policy committee. The Gulf Coast MPO allocates Surface Transportation Block Grant (STBG) and Transportation Alternative (TA) funds through TIP policies and processes described in the *MPO Handbook and Prospectus*.

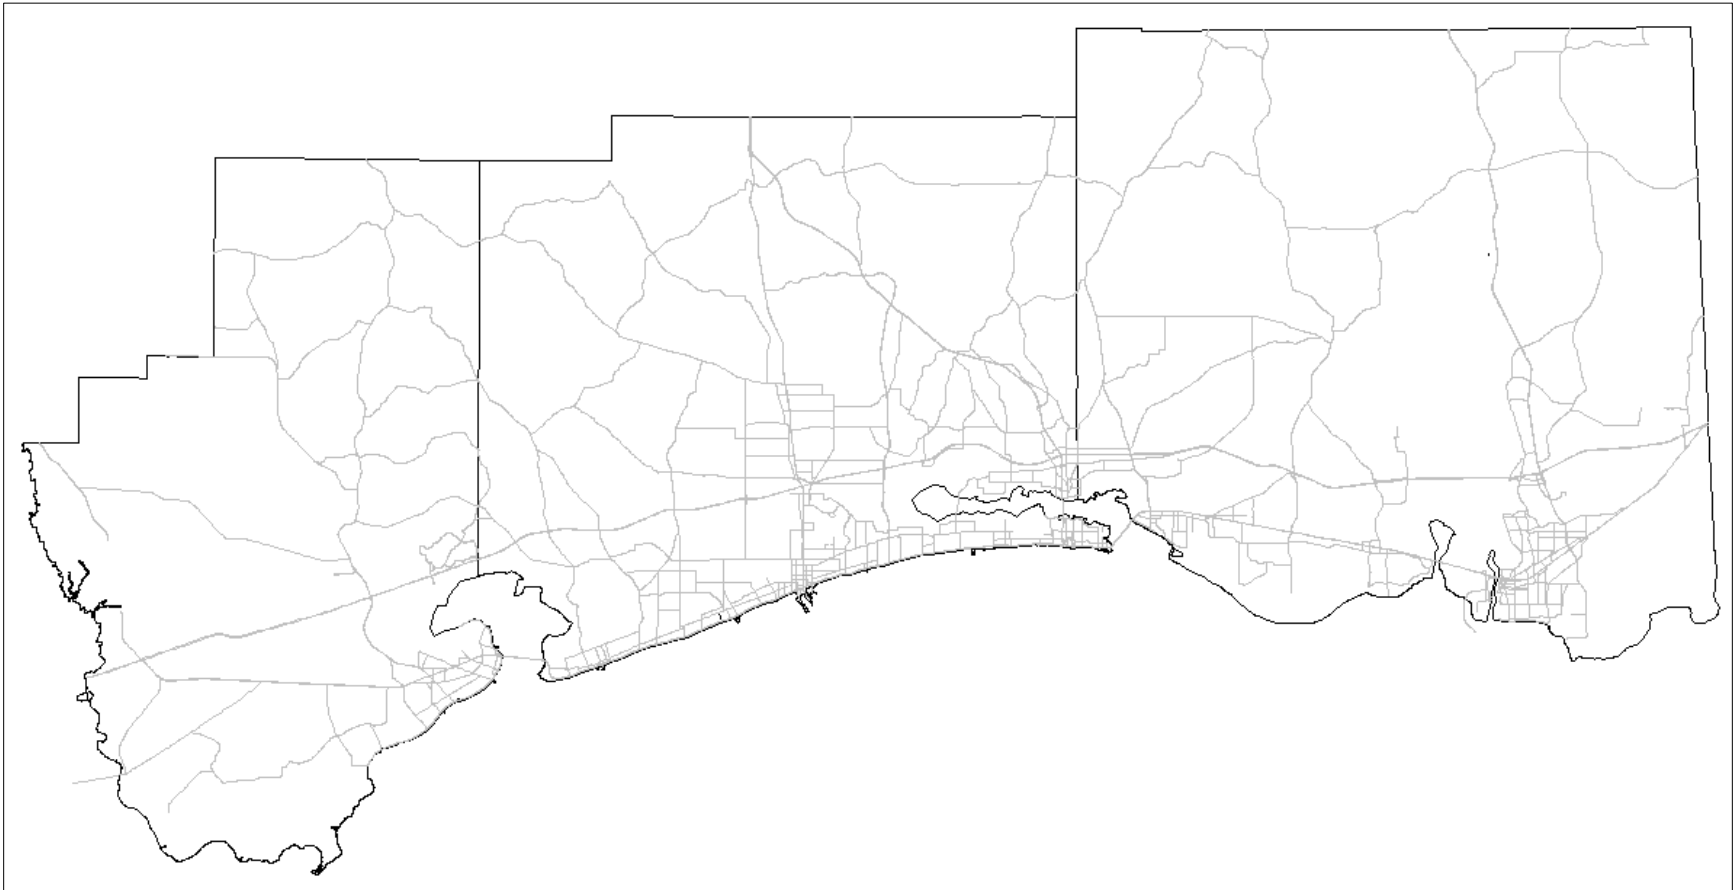

The Gulf Coast TIP identifies timing and funding of all federally funded transportation projects scheduled for implementation in the three coastal counties over a four-year period. The TIP identifies funding amounts, source of funds, project sponsor, type of project, and year of funding for each project. All projects in the TIP must be consistent with goals and projects identified in the area's Metropolitan Transportation Plan. The TIP development process allows for public involvement at various points, including public meetings where proposed projects are presented and discussed. Specific policies for public review are included in the MPO's *Public Participation Plan*.

The TIP development process occurs every two years, however the MPO provides opportunities to revise the projects in the TIP. Two types of changes include "amendment" and "administrative modification," depending on the level of change being made to the project. An amendment is a revision being made to the scope, termini, removal of a project or addition of a project. A modification is considered a minor revision to the TIP or STIP including the MS Gulf Coast MPO 20% maximum cost increase to a project. Specific policies for TIP changes are included in the *MPO Handbook and Prospectus*.

## GULF COAST PLANNING AREA

The Mississippi Gulf Coast Planning Area encompasses three counties in which are located 12 municipalities: Waveland, Bay St. Louis, and Diamondhead in Hancock County; Pass Christian, Long Beach, Gulfport, Biloxi, and D'Iberville in Harrison County; and Ocean Springs, Gautier, Pascagoula, and Moss Point in Jackson County. There are two distinct urbanized areas within the planning area: the Gulfport Urbanized Area (UZA), which stretches from Bay Saint Louis to Ocean Springs and includes portions of all three coastal counties, and the Pascagoula UZA, located in the eastern half of Jackson County.

Figure 1: MS Gulf Coast MPO Planning Area

## NATIONAL GOAL AND EMPHSIS AREAS

The TIP development process reflects the priorities and direction of the region guided by MPO Planning Factors. The MPO considers projects that will address the planning factors presented in Table 1 below.

**Table 1: Planning Factors**

- Economic Vitality - Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency
- Safety - Increase the safety of the transportation system for motorized and non-motorized users
- Security - Increase the security of the transportation system for motorized and non-motorized users
- Mobility & Accessibility - Increase the accessibility and mobility of people and for freight
- Environment - Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns
- Multimodal Connectivity - Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight
- Operations - Promote efficient system management and operation
- Preservation - Emphasize the preservation of the existing transportation system
- Reliability & Resiliency - Improving transportation system resiliency and reliability
- **Stormwater** - Reducing (or mitigating) the stormwater impacts of surface transportation
- Tourism - Enhancing travel and tourism

## TIP INVESTMENT STRATEGY

The Gulf Coast TIP process places emphasis on the development of specific project types through project categories referred to as “groups.” The TIP groups influence how federal transportation funds are spent by earmarking a portion of these funds to support specific areas. Funding groups encourage the use of STBG funds for investment in priority focus areas, control the amount of funding in an area and, expedite project delivery and being more responsive to needs by not requiring a TIP amendment for each project. The current project groups are “Intersection Projects,” “Bicycle and Pedestrian Projects,” and “Multimodal Projects.”

## TIP PROJECT EVALUATION AND PRIORITIZATION

Given the fiscal realities of today and tomorrow with demands for budget reductions at all levels of national, state, and local government, decisions on where and how to spend the Mississippi Gulf Coast MPO’s allocation of STBG transportation funds should not be taken lightly. To ensure that the most beneficial projects are implemented, a project prioritization process is used. The criteria

used are based on federal goals, emphasis areas, and performance measures for the MPO. Projects are evaluated by MPO staff and prioritized as needed to achieve performance targets and link investment decisions to goals.

## PERFORMANCE MANAGEMENT

In 2012, the transportation MAP-21 was developed with the intent of creating a streamlined, performance-based, multimodal program. MAP-21 increased the accountability and transparency of Federal highway programs by improving transportation investment decision-making through performance-based planning and programming. Performance measurement provides the MPO with a better ability to identify and mitigate issues with their respective transportation networks. The Infrastructure Investment and Jobs Act (IIJA) continues MAP-21's overall performance approach and ensures that State DOT's and MPO's invest in projects that collectively make progress toward the National Goals that were established by Congress.

**Table 2: Performance Goals**

- Safety - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads
- Infrastructure condition - To maintain the highway infrastructure asset system in a state of good repair
- Congestion reduction - To achieve a significant reduction in congestion on the National Highway System
- System reliability - To improve the efficiency of the surface transportation system
- Freight movement and economic vitality - To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
- Environmental sustainability - To enhance the transportation system while protecting and enhancing the natural environment
- Reduced project delivery delays - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices

The MPO, MDOT, and CTA cooperatively develop and share information related to transportation performance data, the selection of performance targets, the reporting of performance targets, and the reporting of performance to be used in tracking progress toward the attainment of critical outcomes for the region of the MPO. The MPO will support CTA's State of Good Repair targets by programming capital improvement transit projects in the MTP and TIP. The MPO collaborates with MDOT on Safety, pavement and bridge, system performance, and freight performance by reviewing STIP and TIP projects to assess their impacts and identifying projects from MPO planning to support the measures. This TIP was developed in consideration of the established performance measures and targets. As required under the current most recent transportation act, the Gulf Coast MPO will establish performance targets and track progress towards target achievement for the following performance measures except as noted:

Table 3: Performance Measures

<p><u>Safety (PM1)</u></p> <ul style="list-style-type: none"> <li>• Number of fatalities</li> <li>• Rate of fatalities per 100 million Vehicle Miles Traveled (VMT)</li> <li>• Number of serious injuries</li> <li>• Rate of serious injuries per 100 million Vehicle Miles Traveled (VMT)</li> <li>• Number of non-motorized fatalities and serious injuries</li> </ul> <p><u>Pavement Condition (PM2)</u></p> <ul style="list-style-type: none"> <li>• Percent of pavements on the Interstate System in Good condition.</li> <li>• Percent of pavements on the Interstate System in Poor condition.</li> <li>• Percent of the non-interstate National Highway System in Good condition.</li> <li>• Percent of the non-interstate National Highway System in Poor condition.</li> </ul> <p><u>Bridge Condition (PM2)</u></p> <ul style="list-style-type: none"> <li>• Percent of National Highway System bridges in Good condition.</li> <li>• Percent of National Highway System bridges in Poor condition.</li> </ul>	<p><u>System Performance (PM3)</u></p> <ul style="list-style-type: none"> <li>• Percent of the Person-Miles Traveled on the Interstate that are reliable.</li> <li>• Percent of the Person Miles Traveled on the Non-Interstate National Highway System that are reliable.</li> <li>• Truck Travel Time Reliability (TTTR) index on the Interstate</li> </ul> <p><u>Traffic Congestion</u></p> <ul style="list-style-type: none"> <li>• Annual hours of peak hour excessive delay per capita. *</li> <li>• Percentage of Non-Single Occupancy Vehicle Travel. *</li> </ul> <p><u>Total Emissions Reduction</u></p> <ul style="list-style-type: none"> <li>• Total emissions reductions by applicable pollutants under the CMAQ program. *</li> </ul> <p><u>Transit State of Good Repair</u></p> <ul style="list-style-type: none"> <li>• Percentage of revenue vehicles exceeding their Useful Life Benchmark (ULB)</li> <li>• Percentage of non-revenue service vehicles exceeding their ULB</li> <li>• Percentage of facilities rated under 3.0 on the Transit Economic Requirements Model (TERM)</li> <li>• Number of fatalities by mode</li> <li>• Rate of fatalities per 100,000 total vehicle revenue miles by mode</li> <li>• Number of injuries by mode</li> <li>• Rate of injuries per 100,000 total vehicle revenue miles by mode</li> <li>• Number of safety events by mode</li> <li>• Rate of safety events per 100,000 total vehicle revenue miles by mode</li> <li>• Mean distance between major mechanical failures by mode</li> </ul> <p><i>*Not required for Gulf Coast MPO</i></p>
--	--

## FISCAL CONSTRAINT

Federal regulations require that the financial constraints of the Transportation Improvement Program (TIP) be demonstrated and maintained by year and shall include sufficient financial information to determine which projects are to be implemented using current and reasonably available revenues. The MPO will use the figures below to develop their fiscal constraint for the STBG and TAP funds for the planning area.

Congress passes a new *Transportation Bill* approximately every four to six years, the latest of which is entitled the *Infrastructure Investment and Jobs Act (IIJA)*. The Transportation Bill authorizes each state a certain amount for each funding category (STBG, TAP, etc.) for the federal fiscal years it covers. These authorizations are based on the funds expected to be available in the Highway Trust Fund. Congress then passes an *Appropriation Bill* near the beginning of each year that establishes the exact amounts that the states can actually spend in their highway program. The appropriation bill establishes a certain percentage of the total authorization for the states, which is referred to as an *Obligation Limitation*. MDOT suballocates STBG funds to its urbanized areas with over 200,000 in population (Gulfport, UZA) and must make obligation limitation available based on the criteria set forth in 23 U.S.C. 133(e). MDOT makes available 100% of the Gulfport UZA sub-allocation obligation limitation for each fiscal year to actually spend.

## TRANSIT PROGRAM OF PROJECTS

The Program of Projects (POP) reflects the Gulf Coast's federally supported transit projects over the next four fiscal years. The POP is consistent with the Metropolitan Transportation Plan (MTP), which implements regionally significant transit projects. The TIP lists each of FTA programs, the program funding sub-allocations, the government funding participation all which is identified by an ARC identification number. Notice for review of the POP is conducted by the MPO simultaneously with amendments and updates to the TIP. Public notice given is as follows: *"Also listed in this document is Coast Transit Authority's Program of Projects that are funded by the Federal Transit Administration. The public meetings/comment period will satisfy the public participation requirements for the FTA Section 5307 and 5309 POP notice. The proposed CTA Program of Projects will be final unless revised as a result of public comment."*

Satisfying the Requirement for Public Participation in the development of the POP using the Transportation Improvement Program Process. Federal transit law and joint FHWA/FTA planning regulations governing the metropolitan planning process require a locality to include the public and solicit comment when the locality develops its metropolitan long[1]range (twenty-year) transportation plan and its (four-year) metropolitan TIP. Accordingly, FTA has determined that when a recipient follows the procedures of the public involvement process outlined in the FHWA/FTA planning regulations, the recipient satisfies the public participation requirements associated with developing the POP that recipients of Section 5307 funds must meet. See 23 CFR part 450 and 49 CFR part 613 (specifically Subpart B, "Statewide Transportation Planning," and Subpart C, "Metropolitan Transportation Planning and Programming").

A recipient that chooses to integrate the two should coordinate with the MPO and make sure the public knows that the recipient is using the public participation process associated with TIP development to satisfy the public hearing requirements of Section 5307(b). The recipient must ensure the TIP document explicitly states that public notice of public involvement activities and time established for public review and comment on the TIP will satisfy the POP requirements of the Section 5307 Program. Furthermore, if recipients intend to follow such an ongoing practice, FTA encourages them to include such a reference in the metropolitan planning agreement required between public transportation operators, MPOs, and states, as called for in 23 CFR 450.314. Regulations at 23 CFR 450.316 provide a detailed description of the public participation plan.

### PROJECT COST INCREASES

The Mississippi Gulf Coast MPO receives an annual distribution of STBG to be used by 15 or more Local Public Agencies. On March 1, 2018, the MPO voted to control project cost increases by allowing a maximum of 20% increase. If an LPA needs more funding for a project, MPO staff can approve additional funds up to 20% of the original project funding allocation. If more than 20% is needed for the project, the sponsoring local public agency (LPA) will have to cover the increased cost. An exception can be made for projects that were listed on the TIP prior to the update made in September 2018.

### TIP MODIFICATIONS AND AMENDMENTS

<b>Total Project Cost of all phases shown within the approved TIP</b>	<b>If the proposed change <i>is greater than or equal to</i> the thresholds below process as an Amendment</b>	<b>If the proposed change <i>is less than</i> the thresholds below process as an Administration Modification</b>
<b>Up to \$2 Million</b>	>/= 75%	< 75%
<b>\$2 Million to \$15 Million</b>	>/= 50%	< 50%
<b>\$15 Million to \$75 Million</b>	> / = 40%	< 40%
<b>\$75 Million or above</b>	>/= 30%	< 30%

Note: Thresholds do not apply to grouped projects. All changes to grouped projects are processed as an Administration Modification.

### SPECIAL MATCH CREDIT

The Gulf Coast MPO provides the opportunity for the use of Special Match Credit (SMC) Program. SMC is available for LPA projects and is to be requested only by those LPA's who advance fund those projects at their own cost. If requested in the project initiation process, the LPA may qualify to use actual incurred costs for Preliminary Engineering (PE), Right-of-Way (ROW), and other eligible costs as part, or all, of the required share for the construction project by obtaining Special Match Credit.

### PUBLIC REVIEW

Three public meetings were held to give the public an opportunity to review the proposed TIP and make comment. GRPC staff and MDOT were in attendance at the St. Martin Community Center and the Bay St Louis Community Center. GRPC and Coast Transit Authority staff were in attendance at the Gulfport Transit Center meeting. Ads were run for the meetings in the *Clarion Ledger* on Sunday June 16, 2024 and Sunday June 30, 2024 and in the *Sun Herald* on Sunday June 23, 2024. The TIP was also made available on GRPC's website and at their office at 1635-G Popps Ferry Road in Biloxi.

GRPC placed yard signs at each new project location to provide further certainty that the public would be aware of the proposed transportation projects.

## **Statewide Transportation Improvement Program Open House Meetings**

The Mississippi Department of Transportation (MDOT) in coordination with the Gulf Regional Planning Commission (GRPC) Metropolitan Planning Organization (MPO) invites you to attend open house public meetings allowing citizens to review and comment on the draft Statewide Transportation Improvement Program (STIP) and local Transportation Improvement Program (TIP). The STIP and TIP are a multi-year listing of transportation projects that have received a commitment of funding from a combination of federal, state, and/or local sources. The 45-day comment period will begin June 17, 2024 and end August 2, 2024.

During the following come-and-go meetings, individuals will be able to review the draft document(s) at their leisure. The STIP is also available for review and comment at [GoMDOT.com](http://GoMDOT.com). The public is invited to submit comments to MDOT by mail, phone, email, electronic submission, or in person at the meeting(s). Your comments, thoughts, and suggestions concerning specific transportation needs will be recorded and evaluated as part of the state planning process. No formal presentations will be made.

1401 20th Ave

\*\* Hosted by MDOT and GRPC

\* Hosted by GRPC

Information regarding the National Electronic Vehicle Infrastructure (NEVI) Formula Program will also be provided at the meeting hosted by MDOT.

The TIP includes the FTA Program of Projects (POP) that are funded by the Federal Transit Administration. The public meetings/comment period will satisfy the public participation requirements for the FTA Section 5307 and 5309 POP notice. The proposed POP will be final unless revised as a result of public comment.

Individuals who require auxiliary aids or special accommodations should advise MDOT no later than five days prior to the meeting date. If you need assistance locating an electronic copy or making a comment, contact MDOT at (601) 359-7685 or email [planning@mdot.ms.gov](mailto:planning@mdot.ms.gov).

Public meeting – Harrison County

On July 17, 2024, I received a call from Mr. Riggins, a retired Air Force Veteran, who lives in the Woolmarket Community. He saw the project comment sign near the Chevron on Shriners Boulevard and was curious to know what the project would entail. He was wondering if it was another roundabout.

After providing him with an overview of the Transportation Improvement Program, I informed him about the multimodal project. Biloxi is proposing increasing the road from 2 lanes to 4 lanes including a center median, turning lanes, drainage, and a multi-use pathway from the existing roundabout at I-10 to Woolmarket Road.

He was appreciative of the proposed improvement.

*Public comment - #1*

Hey Casey,

Thanks for reaching out. The project being proposed is the construction of a sidewalk and crosswalks on Walker Road from Rose Farm Road to Jackson Lee Drive. See below.

Thanks,  
Kenneth Yarrow  
GRPC

**Subject:** New Project

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Afternoon,

I am a board member for Jackson Place community in Ocean Springs. A sign was posted advising us of a new project that will be taking place in our area soon.

Our community is off Rose Farm Rd, Money Farm Rd. And Walker Rd. Next to St. Martin East Elementary School.

Could you please reply with information regarding the upcoming project that is taking place?

Many Thanks,

Casey McConnell  
Board Treasurer  
Jackson Place Community Association

## Mississippi Gulf Coast TIP: Estimated Funding for FY2025-2028

FY2025 Estimate	Funding Source	Carryover	Federal	Local	Total
	TMA		\$6,412,774	\$1,603,194	\$8,015,968
	Non Urban		\$965,333	\$241,333	\$1,206,666
	Transportation Alternatives		\$829,805	\$207,451	\$1,037,256
	Safety Group		\$500,000	\$125,000	\$625,000
	Studies/Projects Group		\$250,000	\$62,500	\$312,500
	Carbon Reduction Program - TMA		\$859,945	\$214,986	\$1,074,931
	Carbon Reduction Program - Non Urban		\$187,217	\$46,804	\$234,021
FY2026 Estimate	Funding Source	Carryover	Federal	Local	Total
	TMA		\$6,556,029	\$1,639,007	\$8,195,036
	Non Urban		\$965,333	\$241,333	\$1,206,666
	Transportation Alternatives		\$846,401	\$211,600	\$1,058,001
	Safety Group		\$500,000	\$125,000	\$625,000
	Studies/Projects Group		\$250,000	\$62,500	\$312,500
	Carbon Reduction Program - TMA		\$877,144	\$219,286	\$1,096,430
	Carbon Reduction Program - Non Urban		\$190,961	\$47,740	\$238,701
FY2027 Estimate	Funding Source	Carryover			
	TMA		\$6,702,150	\$1,675,538	\$8,377,688
	Non Urban		\$965,333	\$241,333	\$1,206,666
	Transportation Alternatives		\$863,329	\$215,832	\$1,079,161
	Safety Group		\$500,000	\$125,000	\$625,000
	Studies/Projects Group		\$250,000	\$62,500	\$312,500
	Carbon Reduction Program - TMA		\$894,686	\$223,672	\$1,118,358
	Carbon Reduction Program - Non Urban		\$194,780	\$48,695	\$243,475
FY2028 Estimate	Funding Source	Carryover			
	TMA		\$6,851,193	\$1,712,798	\$8,563,991
	Non Urban		\$965,333	\$241,333	\$1,206,666
	Transportation Alternatives		\$880,595	\$220,149	\$1,100,744
	Safety Group		\$500,000	\$125,000	\$625,000
	Studies/Projects Group		\$250,000	\$62,500	\$312,500
	Carbon Reduction Program - TMA		\$912,580	\$228,145	\$1,140,725
	Carbon Reduction Program - Non Urban		\$198,676	\$49,669	\$248,345

NOTE: Funding estimates are based on the reasonable expectation of continued funding for all federally supported programs.

## Mississippi Gulf Coast Metropolitan Planning Organization

### FY2025-2028 Transportation Improvement Program (TIP)

#### Safety Group

#### Group Description

The Safety Group is used to fund projects in the MPO's Safety Program. Gulf Regional Planning Commission serving as staff for the MPO provides planning work described in its Unified Planning Work Program (UPWP) that is used to identify projects to be developed and funded with the Safety Group. The Mississippi Gulf Coast MPO will set aside \$500,000 of its annual allocation of STBG funds for projects to enhance the safe mobility of all modes of transportation on the Mississippi Gulf Coast. GRPC works with FHWA to develop projects that will be eligible for the Federal share payable to amount to 100 percent of the cost of construction of such projects as described in 23 U.S.C. 120 (c) and 23 CFR 652.9. Projects will be selected by GRPC for funding through this program, coordinated with the applicable local public agency and initiated as needed without the requirement of a TIP amendment.

Agency	Number	Project Description	Source	Scope	Date added	Fed. Funds
CTA	107661	Traffic Signal Priority - Various intersections in Gulfport and Biloxi	TMA-STBG	Intersection	7/20/2017	\$571,618

## FY2025-2028 Transportation Improvement Program (TIP)

### Transportation Alternatives (TA) Group

The Transportation Alternatives (TA) Set-Aside from the Surface Transportation Block Grant (STBG) Program provides funding for a variety of generally smaller-scale transportation projects such as pedestrian and bicycle facilities.

Agency	Project Description		Date added	Fed. Funds
Diamondhead	Monjoy Creek Pathway - Diamonhead Drive to Rotten Bayou	TA	8/23/2019	\$80,000
Hancock County	Washington Street ADA Beach Access	TA	8/23/2019	\$590,000
Gulfport	Old Hwy 49 Sidewalks - Robinson Road to Dedeaux Road	TA	8/23/2019	\$160,000
Gulfport	Old Hwy 49 Sidewalks - Robinson Road to Dedeaux Road	TA	8/8/2024	\$160,000
Bay St Louis	Beyer Street - Carroll Avenue to Ranch Street	TA	8/23/2019	\$280,000
Bay St Louis	Beyer Street - Carroll Avenue to Ranch Street	TMA-STBG	4/19/2024	\$116,240
Waveland	St. Joseph Street Herlihy Street and Old Spanish Trail	TA	10/22/2020	\$500,000
Waveland	St. Joseph Street Herlihy Street and Old Spanish Trail	TMA-STBG	12/5/2023	\$100,000
Diamondhead	East Aloha Drive PH II Veterans Drive and Kalani Drive	TA	10/22/2020	\$489,866
Diamondhead	East Aloha Drive PH II Veterans Drive and Kalani Drive	TMA-STBG	8/8/2024	\$339,680
Diberville	Lamey Bridge Road - School to Diberville Blvd, Lemoyne Gorenflo	TA	8/4/2022	\$558,400
Bay St Louis	Felicity Street, Seube Street, Pine Street, and Ranch Street	TA	8/4/2022	\$1,288,803
Bay St Louis	Felicity Street, Seube Street, Pine Street, and Ranch Street	TA	8/8/2024	\$581,371
Hancock County	Texas Flat Road - McLoed Park to School - Santa Rosa Pathway	TA	8/4/2022	\$755,565
Gulfport	Seaway Road - Three Rivers Road to .9 mile East	TA	8/8/2024	\$800,000
Jackson County	Walker Road - Rose Farm to Jackson Lee	TA	8/8/2024	\$408,377

### MDOT allocations

Gautier	Martin Bluff Road - Roys Road to Little Bend Place	Sidewalks	7/22/2020	\$646,000
MGCCC	Harrison County Campus	Sidewalks	7/22/2020	\$244,356
MGCCC	Campus Pedestrian Connection Plaza	Ped	12/13/2021	\$305,446
Diberville	Lamey Bridge Road Middle School Pedestrian Improvements	Sidewalks	5/26/2022	\$402,570

*\*These projects are eligible for Special Match Credit if the LPA chooses to utilize*

**Gulf Coast Metropolitan Planning Organization (MPO)  
Resolution approving the  
FY 2025 – FY 2028 Transportation Improvement Program (TIP)**

**Whereas** the Gulf Regional Planning Commission (GRPC) is the designated Metropolitan Planning Organization (MPO) for the Gulfport, MS and Pascagoula, MS urbanized areas;

**Whereas** as required by 23 CFR 450.326, the MPO in cooperation with the State and affected public transportation operator, developed a TIP for the metropolitan planning area. The TIP reflects the investment priorities established in the current metropolitan transportation plan and covers a period of four years.

**Whereas** the MPO provided all interested parties with a reasonable opportunity to comment on the proposed TIP as required by 450.316(a). The MPO provided three formal public meetings during the TIP development process. In addition, the MPO made the TIP readily available for public review in electronic format at [www.grpc.com](http://www.grpc.com).

**Whereas** GRPC carried out a poll vote of the MPO requesting approval of the FY 2025 – FY 2028 TIP; and now, therefore, be it

**Resolved**, that on August 13, 2024, the Gulf Coast Metropolitan Planning Organization approved the FY 2025 – FY 2028 TIP.

---

Mayor Billy Hewes, City of Gulfport  
MPO Chairman
